Aries

Shoe Box Area Lights

Meet the Aries Shoe Box Series — a versatile area light engineered for on-site adjustability and precise, adaptable illumination across a wide range of applications.

With selectable wattage, CCT, and beam distribution options, Aries delivers flexible performance, simplified installation, and reliable operation in demanding outdoor environments.

Housing
Die-Cast Aluminum
Environment
IP65 Rated for Wet Locations
Mounting
Trunnion Slip Fitter Straight Arm Yoke

Life Hours
L70>100,000 hrs
Operating Temperature
-40°C to +40°C -40°F to 104°F

Voltage
120/347V AC
Efficacy
Up to 170 lm/W

Selectable Watts
R1: 75/100/125/150W R2: 200/240/280/320W R3: 320/360/400/450W

Selectable CCT
3000K4000K5000K

Distribution
T2, T3, T4, T5

Lumens
R1: Up to 25,000 lm R2: Up to 54,000 lm R3: Up to 76,500 lm

A Fit for Every Site.

Three Sizes. Built for Performance.

Aries R3

28.38" L x 13.65" W x 2.79" H

Aries R2

22.70" L x 11.96" W x 2.81" H

Aries R1

20.21" L x 11.96" W x 2.81 H

Designed for Every Environment.

Refined Finishes for Every Space.

BeamFlex™

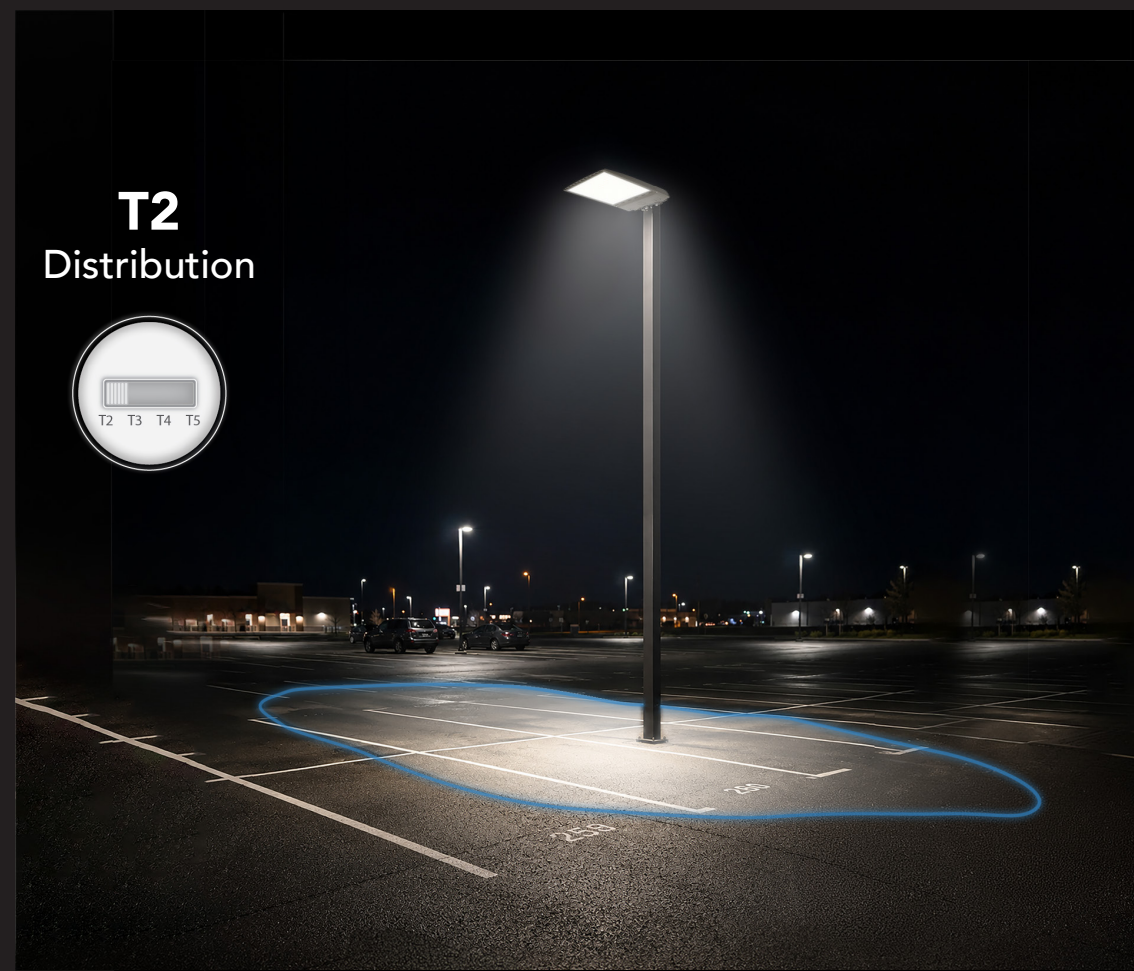

Optical Technology Platform

BeamFlex™ is Reno Lighting's proprietary optical technology that enables on-site adjustment of light distribution.

Supporting selectable beam angles and Type II–V distributions, it allows fixtures to be optimized after installation—providing flexibility and ensuring optimal results for any space.

A Smarter Optical Approach

BeamFlex™ eliminates this limitation by integrating adjustable optical control directly into the fixture. This simplifies product selection while ensuring the lighting can adapt to the space with confidence.
