

LED WRAPAROUND FIXTURES

Designed to provide broad, glare-free lighting in offices, utility rooms, hallways & stairwells, garages, and laundry rooms, our LED Wraparound fixtures are the energy-efficient solution when you require uniform lighting that works best in moderate-height environments.

Engineered with ease of installation in mind, our wide selection ensures you have the right size and form-factor to accommodate various architectural and design needs.

4FT LED Wraparound Fixture

- **e.c.o.** collection provides a competitively-priced option
- Multi Power (30/40/50W) up to 6,500 lm
- Multi CCT (35/40/5000K) & Dual Voltage (120-347V)
- 0-10V continuous dimming, >80 CRI
- Integrated microwave sensor (configured via remote)
- Includes Coverplate and V-Hangers and knockouts at each end
- Suitable for Damp Locations
- Available in 2FT and 4FT, with or without integrated sensor

WHY CHOOSE THIS

e.c.o. WRAP

When you need a high performance competitively-priced wraparound, the **e.c.o.** is the way to go.

With a hidden wiring compartment (within the fixture enclosure behind the LEDs so the wiring connections can't be seen) and a sleek 5.2" width form-factor, they're the best choice for new installs where you want a clean look and covering the old fixture's footprint is not a concern.

4FT Traditional Style LED Wraparound Fixture

- High performance wrap with a traditional, boxy design
- Multi Power (22/28/34/44W) up to 5,720 lm
- Multi CCT (35/40/5000K) & Dual Voltage (120-347V)
- 0-10V continuous dimming, >80 CRI
- Integrated microwave sensor (configured via remote)
- Includes Coverplate and V-Hangers and knockouts at each end
- Suitable for Damp Locations
- Available in 2FT and 4FT, with or without integrated sensor

WHY CHOOSE THIS

TRADITIONAL STYLE WRAP

If you need the energy-efficiency of LEDs but want to maintain the aesthetics of a traditional wrap, this one is for you.

With a 7.5" wide traditional design and a lens that actually wraps outside of the fixture (for better light distribution) this **Prime** Traditional Style Wraparound is the retrofitter's top choice when it comes to one-for-one replacements.

4FT Wide Body LED Wraparound Fixture

- 10.4" extra wide housing to cover more surface area
- Multi Power (30/40/50/60W) up to 8,400 lm
- Multi CCT (35/40/5000K) & Dual Voltage (120-347V)
- 0-10V continuous dimming, >80 CRI
- Integrated microwave sensor (configured via remote)
- Includes Coverplate and V-Hangers and knockouts at each end
- Suitable for Damp Locations
- Available with or without integrated sensor

WHY CHOOSE THIS

WIDE BODY WRAP

Choose this **Prime** Wide Body Wraparound when you need one of the widest wraps in the industry. At 10.4" wide, it's designed to ensure coverage of any marks or discoloration left by the previous fixture.

The wide body doesn't end at just the housing: its shatterproof polycarbonate U-shaped lens extends to complete the curvature of the fixture, helping to provide maximum side light.
